Statement of Pricing increased

Dear All Customers/Clients,

This is Lynee from Rudder Tape.

As you might know due to cost increased of raw material in China, plus the fluctuation of exchange rate (USD devalues to CNY these months). I'm friendly to inform you all that on Nov, 10th, 2020, we will start adjusting all pricing (go up by 3%~10% up to different products) and will quote in new quotation.

I am really sorry about that and really appreciate for your kind understanding and support.
