

RT-2301

Self-adhesive Paper Tape

Product Description

RT-2301 is designed as self-adhesive paper tape, backing with paper, coated with Natural Rubber based adhesive and outside face without siliconized treatment. Designed as an alternative of Bopp tape, or water activated kraft tape, its color closes to carton color and easy operation, widely used as carton sealing tape.

Bio-degradable and friendly to environment.

Applications

Used for two strip sealing cartons top and bottom. Works well on recycled cartons, and non-unitized loads. Using on the light weight carton is recommended.
